## Summer Reading

Parents,

Our students have worked very hard all year and your child is leaving school this year as a better reader and writer. As you know, good readers and writers read and write DAILY. Research shows us that practice is necessary to master strategies that are critical to the success of the reading and writing process. The more students read, the more proficient they become at reading and writing. Summer is a great time to read to your children and have them read to you! It is also a wonderful time of the year for students to read for pleasure to nurture a love for reading.

Please visit your local library or bookstore and have your child choose a chapter book on his/her level to read over the summer. Attached is a Book Report form to complete and is due the first week of the 2019-2020 school year.

Also, please encourage your child to continue working on the IXL computer program. We get weekly reports to let us know how much time is spent on the program and what skills are worked on.

Additionally, reading the newspaper and magazines enrich vocabulary and strengthen skills. These are great family activities.

Have a safe, happy summer break!

Ms. Moore and Mrs. Bridget
